Hi Erica,

My daughter has a fever so I'm nursing her this morning and will be in around 1 as well. I have another meeting but can talk from 2:30-4:30. Does that work for you?

Hi Grace,

I may not be back at the office until about 1. If you all talk before then, you can reach me on my cell at Ex. 6 - Personal Privacy If I don't pick up, continue w/out me, and I'll check in w/ you later today/early tomorrow.

Thanks,

Erica

Hello all,

I adjusted our proposal for the \$25k amount. Let me know what you think and if it still seems impactful, yet realistic.

Thank you!
